cold \$11.49 hot \$12.49

We want to make the best possible product for customers at the lowest prices possible! Making a difference for our small towns.....

## To our customers:

Due to the unprecedented rise in food costs during the past year, we must temporarily discontinue our meal deals. We do this in lieu of increasing food prices across the board for you. Our hope is that this is a temporary measure. Once food costs stabilize, we will be bringing back your favorite combos.

We thank you so much for your loyalty and understanding during these troubling times.

You are why we are here.
